More Money For Stikine Trail

It seems probable that another appropriation of \$5,000 will be made by the Alaska Legislature now in session at Juneau to be applied on the Stikine River trail. Senator Sulzer and Representative Heckman are both working hard for the appropriation and it is practically sure that it will pass. It was brought before the Senate last Monday and Mayor Emery and N. J. Svindseth, now in Juneau, appeared and heartily supported the measure.

This additional appropriation is very badly needed to make the trail safe for winter travel. \$4,000 was spent on the lower part of the trail last year by the Forest Department and an additional \$5,000 will make a very substantial trail.

Dont Want To Pay Licence

A letter was read in the House of Representatives last Monday by Representative Shoup from the Klawock natives asking that the territory repeal the section of the code compelling the payment of a \$300 licence to operate an electric light plant. The natives of that city are forming a company to establish a plant there but cannot do so under the present high licence required for that small a plant.

A B Grand Camp Meets

The Grand Camp of the Arctic Brotherhood convened at Juneau last Monday morning with the largest list of Delegates ever attending in the history of the order. It seems very likely that all the difficulties of the two factions of the order will be patched up and will immerge stronger and better than ever before. The delegates from Camp Wrangell are N. J. Svindseth and C. A. Emery.

Amounts Collected For Poll Tax

In another section of the Sentinel appears the notice of your Poll Tax which will soon be collectable. Recently a party asked the Editor as to the amounts paid two years ago and we herewith give the figures:

Juneau	\$7,367.80
Fairbanks	1,346.60
Ketchikan	1,363.40
Nome	1,077.80
Sitka	895.00
Seward	285.45
Sulzer	421.60
Valdez	1,265.00
Skagway	302.00
Chatanika	887.40
Cordova	773.30
Chitina	647.20
Wrangell	580.75

Mushes In From Telegraph

Mr. R. Hyland of Telegraph, Canadian Collector of Customs Strong and Eddie Kalkins, arrived in town last Tuesday evening after a ten days trip down over the trail from Telegraph Creek. With them on the trip down were two natives of Telegraph. Joe Cohen and McClusky, Cohen coming here to take the remains of his son, who died here last fall, back to Telegraph for burial.

Eddie Kalkins reports that the trip was one of the worst that he has ever made. The trip up which he made the early part of February was much easier than the return. On the up trip there was little slush and the snow was firm, while on the return trip it rained nearly every day and made the trail very hard traveling both for the men on snow shoes and for the dog teams, and to make matters worse, Mr. Hyland suffered an attack of blood poisoning in the leg and they had to stop at the canyon until he was able to travel.

Mr. Hyland left on the Spokane for Seattle on his way to his home in Ottawa Canada, where he will get his wife and family and return again about the tenth of April.

Doings Of The Legislature

Below we give a brief of the doing, day by day, of the Alaska Legislature now in session at Juneau:

Thursday, March 11
Senate—Wilberforce bill reached calendar. Sulzer wolf bounty bill sent back to committee.

House—Wilberforce relief bill passed. Ways and means committee served notice on more bills carrying appropriations pass without their endorsement. Open fight for expression of people on prohibition opens. Goes to committee on education.

Friday, March 12
Senate—Hubbard starts movement to hurry railway construction in Alaska. Sulzer bill placing a bounty on wolves up for final passage.

House—Shoup offers resolution asking congress to extend home rule to territory.

Saturday, March 13
Senate—Sulzer wolf bounty bill passed, placing \$10 bounty on all wolves. Millard assessment and taxation measure went over for one week.

House—The question of a council for the legislature practically settled in House by introducing resolution that governor appoint same with confirmation of Senate at a salary for session of \$750. The M. J. O'Connor bill creating small debts department of municipal courts was indefinitely postponed.

Monday, March 15
Senate—Resolution for a joint committee on roads adopted. Alaska railway resolution submitted. Money for Dr. Wilberforce passed.

House—Klawock natives ask to be allowed exemption from taxes. Attorney general resolution amended. Labor lien bill read second time. Vital statistics bill discussed.

Capt. W. J. Neill, of the Uncle Dan, was a passenger south on the Spokane bound for Seattle on a short business trip. Capt. Arthur Leonard will take the Dan out until his return.

Notice Of Town Election

NOTICE is hereby given that the annual municipal election for the Town of Wrangell, Alaska, will be held in the Council Rooms, Town Hall, on Tuesday, April 6th 1915; between the hours of 10 o'clock a. m. and 7 o'clock p. m. of said day, without closing.

This election will be held for the purpose of electing a Common Council of seven members, and two members of the School Board, a clerk to fill the unexpired term of L. P. Dawes, and one member for a three year term.

By order of the Common Council of Wrangell, Alaska, made this 4th day of March, 1915.

PAUL F. STANHOPE,

Town Clerk

Revenue Cutter In Port

The revenue cutter Manning came to anchor in the roadway shortly after noon today. The Manning is under command of Capt. Dodge, and is in the patrol duty along the Halibut fishing banks, but as the present stormy weather has driven all fishing boats away from the banks, she made the run in here where the officers are conferring with Collector of Customs Bronson on official business. The Manning will leave again Friday morning.

Notice of Caucus

Notice is hereby given that a meeting of the citizens of Wrangell, Alaska, will be held in the Council Chambers, Town Hall, on Thursday, March 25, 1915, at the hour of 8 o'clock p. m. for the purpose of nominating candidates for a Common Council of seven members and two members of the Wrangell School Board, one to fill the unexpired term of Dr. L. P. Dawes, and one for a term of three years.

C. A. EMERY,
President of the Common Council and Ex-officio Mayor of Wrangell, Alaska.

A good show at the Wrangell Photoshow tonight.

Halibut Schooner Loses Wheel

The big halibut schooner "Zillah May" was towed into port last Saturday morning by the schooner Helogland, having lost her wheel on March 9th when northbound about 30 miles off Queen Charlotte Island. The disabled schooner put up sail and with a stiff breeze sailed up to Corronation Island where she was picked up by the Helogland and towed in here. A new wheel has been telegraphed for and is expected on the first boat when the big ship will be placed on the beach and repaired which will probably take them until the middle of next week.

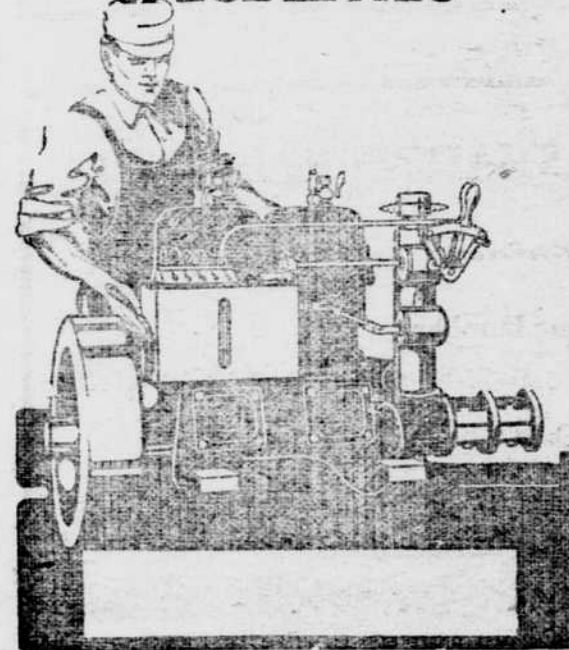

The Zillah May is under the command of Capt. Benson.

Admiral Watson Makes A Call

The Admiral Watson called in port this morning having four passengers for this place. As the Watson was northbound and no other boat for several days the passengers made arrangements at Ketchikan to have her stop here as she would have to wait anyway for the tide at Wrangell Narrows and would loose no time by her call. She had no mail for Wrangell.

We have the goods, the Rink.

Printing Point Does Not Bob Up and Down

In an L. C. Smith & Bros. Typewriter the point on the paper which is to receive the type impression is stationary at the instant the type hits. The carriage does not bob up and down when the shift is made to write capitals.

Why?

Because the type is shifted—not the carriage.

The only movement of the carriage is back and forth on its closely adjusted ball bearing runways—and this does not take place while the print is being made. There is no lifting of the carriage.

This is one reason why L. C. Smith & Bros. typewriting is free from blurs and every letter in the right place.

NOTICE OF APPLICATION FOR UNITED STATES PATENT.

Mineral Application No. 01733

In the United States Land Office, Juneau, Alaska.

United States Mineral Survey No. 1010

NOTICE IS HEREBY GIVEN that in pursuance of the Act of Congress approved May 10, 1872, "to promote the development of the mining resources of the United States," F. M. Jordan, whose post office address is 211 American Bank Building, in the City of Seattle, State of Washington, U. S. A. does hereby give notice of his intention to make application for United States patent for the P. M. Jordan marble placer claims embracing the George Kelley Marble Claim, W. A. Finn Marble Claim, George Pulver Marble Claim, J. C. Rathbun Marble Claim, R. L. Fox Marble Claim, Fielden Smith Marble Claim, Ridge Claim and Seattle Marble Claim. Said mining claims belong to and are owned by said F. M. Jordan and are situated and lie in the Ketchikan Mining District, in the Territory of Alaska, and are numbered and designated as United States Mineral Survey No. 1010. Said claims are contiguous to and join each other as more particularly described by the plat and field notes of survey with magnetic variation at 28° 48' east posted herewith upon the premises, and contain in the aggregate twelve hundred sixty-eight and five hundred twenty-five one thousandths (1268.525) acres of land bearing valuable deposits of marble and other valuable minerals, located in Lat. 56° 10' N. Long 133° 20' W. on Passage 6 miles S. E. Shaskan P. O.

The boundary lines of each of the heretofore mentioned claims according to such survey are as follows:

Wolf Bounty Bill Passes

The Sulzer Wolf Bounty Bill passed the Senate of the Alaska Legislature last Saturday, and the news is received throughout South eastern Alaska with much joy.

In bringing the bill up for the final reading Senator Sulzer stated:

"We know that the wolves live on the deer, and I have talked the matter over very thoroughly with many prospectors, miners, fishermen and woodsmen, and they all agree that a wolf will destroy at least one deer a week. If we place the average deer at 50 pounds and value the meat at ten cents a pound we have a value of \$5 for each deer. For the year, granting a wolf would kill 52 deer, it would be a total value of \$260 worth of meat that every wolf would destroy every year. Surely it is worth \$10 of the territorial money to save \$260 per annum. If the wolf is killed he is removed for all time, and this \$260 would be saved for the territory every year. Of course I do not know how many wolves there are in Alaska. I know that on Prince of Wales island alone the most conservative estimate would place at least one thousand wolves on the island, and, therefore, with one thousand wolves destroying at least \$260 worth of venison annually each, there would be a loss to the territory of \$260,000 per annum on one island."

"The government regulations provide strictly for the protection of deer against man. The season for killing deer in southeastern Alaska is limited to the period from August 15th to November 1st. The number of deer killed by any one person during the open season is limited to six. The killing of deer on many of the islands is entirely prohibited. Thus the deer are amply protected from the encroachments of man, but the wolves are allowed absolutely full sway to live and prey and destroy these meat producing animals."

"The wolves are becoming a menace to human life, they are frequently seen on the streets of the smaller towns and villages and have been known to attack prospectors and men alone in the forests. Unless something is done to decimate them they will soon have the deer destroyed and it will then be unsafe to travel through the forests."

"We have a peculiar condition in this respect throughout South-eastern Alaska, this section can never support any great number of beef cattle. It will, however, support hundreds of thousands of deer without any expense and will give us a most valuable meat supply amply sufficient to support our people if we are only wise enough to destroy the great enemy of the deer and allow the deer to multiply."

"I have heard arguments against the fact that the deer are destroyed by wolves. It has been stated that severe winters drive the deer to the beaches and that they perish in the water. It is the wolves that cause this condition. When there are heavy snows and the wolf starts on his hunt, the deer seek the water for protection and swim the bays and inlets to escape the wolf. Reaching the other side they are exhausted, are unable to travel, and thus soon freeze and perish. This is why they are found dead along the beaches at such times."

"To my mind we can render no greater service to our people than to assure them a bountiful supply of meat, and if we can succeed in destroying the wolves this will surely be accomplished."

"I hope every senator will vote for this bill."
